

Rob All Night (If I'm Gonna Rob)

DMX

[Chorus (x2):]

If I'm gonna rob, I'ma rob all night (yeah!)

If I'm lookin' for something' then it's probly a fight

If I'm gonna fuck bitches then they better be tight

If that's dead, then the head better be right (C'mon)Here we go again, fuckin right

Dog man X baby, dog for life

Know how this shit go, built off fights

Bitch dog be like "AIGHT, AIGHT, AIGHT"

Ooh, this rap shit be getting kinda hectic

It's not a game nigga, cats don't respect it

Real shit's been neglected for far too long

Let's get it on!

I jump off slugs like packages from UPS

But you run when you see X

Pull out the front when you see Tex

POW, the light is what you see next

Fuck who you listenin' to, I'm the badest

Any niggaz in the industry is faggots

Due alone niggaz don't want no static

Whent hey say who shot J are it won't be Dalas[Chorus]Y'all niggaz don't know how the dog livin'

No matter what I do I keep on winnin'

Can't stop me now. It's just the beginning'

Gon' be there 'till the endin'

In 2005 you won't know

Stop, drop, open up shot, let 'em go

Hit 'em with the same flow I hit 'em with before

This time I'm goin' around the back door

Got me like "GOD!" you niggaz is stupid

Get the drum crack four bars, horn then loop it

Same shit that you did to me, took what you did

Got niggaz movin', but not institution

Dog done did it again, uh uh (WHAT?)

Dog is in it to win, uh huh (WHAT?)

Dog did a nigga and then, uh huh (WHAT?)

You thought dog was afraid? Nah ah (Come on)[Chorus]My niggaz, some niggaz you don't want to try

But then again, I be that one to bust a nigga in his eye

I don't give a fuck bitch all my niggaz ready to die

Hit you with the things so you niggaz ready to fly

You don't want no more

Bring all ya got to even the score
E5 is HOT? You want more?
You really don't know what you're askin' for
Listen old man, don't do that
We all dogs over here, don't act like a cat
We like, touch balls, round table with a bat
Start with the cheers, "Crack, crack, crack!"[Chorus]
