Slaughter At the Sock Hop

Blitzkid

Nobody knew it happened at the high school dance,
That night when little Blitzkid snapped
He'd had enough of all the kids and their wise cracks,
Now he's goin' berserk with his axe(chorus)
Chopped up the homecoming queen,
Gutted his ex-girlfriend Christine,
Hallways are stained all red with blood,
He ripped em' up just like he knew he would.A model student and a model kid,
But no one knew he couldn't stand for it,
The way the school and all the kids they had their fun,
Now he's swingin' his axe at all the jocks(chorus)Nobody new it happened at the high school dance,
That night when little Blitzkid snapped
He'd had enough of all the kids and their wise cracks,
Now he's fuckin' em' up with his axe(chorus)He killed em' all just like I knew he would (x3)What a bloody mess!
