

B2L

LeToya Lockett

Maybe I'm supposed to lie
Maybe I'm not too good at saying goodbyes
Gotta give it up
Maybe I'm supposed to break down
Or willing to fake how
You're making me feel, tell me whatever
Somehow I thought I could build with you
I thought it was real with you
Doubted myself now
I don't really know
I told myself that every day Maybe we'll survive
Maybe it's a lie
To keep our love alive
But I know you want to ride
So I gotta get Back to life
Back to life
Back to reality
Back to life
Back to reality
I love you even though you're not good for me I remember when we started in your new thing
Got your curving side bitches like some loose change
I made you a new flame
I been riding wit' you
Don't you remember when I told you I was stay down
Not going back 'cause maybe I need a break now
Before I break down Worked so hard
It's so hard
Baby to let it fall apart
Fall apart
So I gotta get Back to life
(back to reality)
Back to life
Back to reality
Back to life
(back to reality)
I love you even though you ain't good for me Now I just gotta get back baby
Away now, away now
(I love you even though you ain't good for me)
You ain't living the life that you claim

All of that shit is a game
I'mma just work through the pain
And get back to my life Lately, you don't get it
I can't get you off my mind
And you can have them other bitches
Cause I'm not the jealous type
I used to think it was me
But it's your own insecurities
You know that I love you
Crazy thing is you think that I'll never leave So I gotta get back to life
Back to reality
So I gotta get back to life
Come back to re
Back to life
Back to reality
Back
Back to life
Back to reality
I love you even though you ain't good for me
Back to life
Back to reality
