Only Love Can Save Me Now

Driver

Close my eyes and think of yesterday
I remember the words we used to say
Trying so hard to make it on my own
Always running, always felt alone
That's when I realize that you are the oneOnly love can save me now
I'm broken and I'm torn
Only love can save me now
I'm coming back for moreAll I ever wanted was right before my eyes
I hear you calling and there's nothing I can hide
That's when I realize that you are the one
Only love can save me now
I'm broken and I'm torn
Only love can save me now
I'm coming back for more
I'm coming back for more
