

# Only Love Can Save Me Now

## Driver

Close my eyes and think of yesterday  
I remember the words we used to say  
Trying so hard to make it on my own  
Always running, always felt alone

That's when I realize that you are the one Only love can save me now

I'm broken and I'm torn

Only love can save me now

I'm coming back for more All I ever wanted was right before my eyes

I hear you calling and there's nothing I can hide

That's when I realize that you are the one

Only love can save me now

I'm broken and I'm torn

Only love can save me now

I'm coming back for more

I'm coming back for more
