

Beans

Nirvana

I don't like you
And I'm gonna beat you up Beans, beans, beans
Jessie had some beans
He was happy, happy, happy
And there he ate some beans Sitting naked, naked
Sitting cross-legged
Naked, naked, naked
And he was happy, happy, happy
That he ate some beans Wine, wine, wine
Jessie had some wine
He was happy, happy, happy
And he ate some wine Beans, beans, beans
Daddy ate some beans
And he drank some wine
And he was happy, happy, happy
That he drank some beans
