

# I Spy (Re-Recorded)

## The Untouchables

I spy for the FBI  
(I spy for the FBI)  
I spy for the FBI  
(I spy for the FBI)I got an X-ray camera hidden in your house  
That sees what I can't see  
And that man you were kissin' last night  
Definitely was not me, oh babyI spy for the FBI  
(I spy for the FBI)  
I spy for the FBI  
(I spy for the FBI)Just because he was wearin' shades  
You thought he didn't leave a clue  
I got his name, I know his game  
He's double-O you know who, oh baby  
I spy for the FBI  
(I spy for the FBI)  
I spy for the FBI  
(I spy)I've got the facts in the file  
Baby, I don't have to guess  
I took that agent's fingerprints  
Off of your new red dress, oh babyI spy for the FBI  
(I spy for the FBI)  
I spy for the FBI  
(I spy for the FBI)I know when you're out  
I know when you're in  
I know where you're goin'  
'Cause I know where you've been  
I spy for the FBI  
(I spy for the FBI)  
Baby, I spy for the FBI  
(I spy for the FBI)  
Baby, I spy for the FBI  
(I spy for the FBI)
