The Torture Never Stops

Torture Division

Bang, bang, banging in your head
You're banging on the walls
Hang, hang, hanging up youself
You're hanging by your balls
And you, you die but no-one hears or cares
And hope's the rope that keeps you tied in knots
The torture never stops
The torture never stops
Suck, suck, sucking at your life
Your master sucks the juice
Shoot, shoot, shooting at you

And the hangman's noose is loose
And you, you cry but no-one hears or cares
And hope's the rope that keeps you tied in knots
The torture never stops
The torture never stops
Your masters beat you bloody
Still you're running back for more
And every day, you lay down and play the whore
The torture never stops
The torture never stops
