

# Feel That (feat. Maribelle)

## LeMarquis

Drowned in your words,  
I've swirled in your ways  
maybe you were right, I can feel that  
Forward and reverse  
I'm no longer vain  
kiss me one more time, so I feel that  
I don't know whats going on  
what is this emotion  
You've got me in your arms  
and I'm fallin' in  
no no no I'm about to loose myself  
I don't think you understand  
I'm about to loose myself  
coz I can feel that I'm about to loose myself  
I don't think you understand  
I'm about to loose myself  
coz i can feel that So trade in my heart  
for potential pain  
I'm not crazy enough, just to feel that  
But you've messed me up  
coz without you I go insane  
I'm too scared to let me, love you back  
I don't know whats going on  
what is this emotion  
You've got me in your arms  
and I'm fallin' in  
no no no I'm about to loose myself  
I don't think you understand  
I'm about to loose myself  
coz I can feel that I'm about to loose myself  
I don't think you understand  
I'm about to loose myself  
coz i can feel that Feel that  
I don't know whats going on  
what is this emotion  
You've got me in your arms  
and I'm fallin' in, no  
I don't know whats going on  
what is this emotion  
You've got me in your arms  
and I'm fallin' in, no
