

American Soviets (Rimix live from Moscow)

C.C.C.P.

G: Godd evening
this is Mr. Gorbachev-

R: Hello

Gorby

this is the White House
Ronald Reagan speaking-

G: Hello

my old friend

how are you today ?

R: Fine ! It's time for our daily chess-match
are you ready ?

G: Yes

my last move yesterday was the Queen from A6 to B6-They both send their weapons into space-
their people's problems they seem to displace-

the arms-race is what they can't negotiate-

why ain't it chess about what they debate ?What went wrong on the Gulf of Iran ?

Why did the Russians invade Afghanistan ?

Why not save the money for the armamentsand be chess-partners in the tournament ?
