

Decadance

Wayd

In the ugliness of beauty
And when pretty is vicious
You thought you were a voyeur
 But the irony is delicious
 Yeah, yeah
 In the access of excess
 The pigs are at the trough
 You thought you had to fill
 But enough is never enough
 Feel the decadance
 Feel the decadance
 Feel the decadance
 Enough is never enough
Young thrill seekers craving attention
 Thought you were special
 You never learned your lesson
 Feel the decadance
 Feel the decadance
 Feel the decadance
 Feel the decadance
 Feel the decadance
 Feel the decadance
 Enough is never enough
Those that dare to question
 Those that dare to dream
 Buried alive in your shit
No one can hear you scream
 In the belly of the beast
 You stood tall
 Didn't anybody tell you?
 All empires must fall
 Feel the decadance
 Feel the decadance
 Feel the decadance
 Enough is never enough
 Decadance, decadance
 Yeah, the decadance
