

# Candy Store

## Faber Drive

I can't wait another night to see you  
Gotta satisfy my sweet tooth  
A little like reeses fallin' into pieces  
Tell me there's a way to do this  
I just wanna kiss your hot lips  
Girl you make me melt like chocolate  
Jaw breaker you got the kiss that I wanna savour Oh [x4]  
Life saver you're my life saver  
Oh [x4]  
You got the love with the thousand flavours Oh [x4] and I really want more oh [x4]  
I know your love is such a sugar rush and I can never get enough  
I'm like oh [x4] and I really want more oh [x4]  
Yeah honey you're the sweetest thing I've ever seen before  
I'm like a kid in a candy store Baby I'm love sick  
I just gotta get my next fix  
Pour a little sugar on this  
Heart breaker  
You be the dough and I'll be the baker  
Mr. Christie never knew  
A recipe as hot as you  
You're Rihanna I'm Eminem  
Melts in your mouth, not in your hands Oh [x4]  
Life saver you're my life saver  
Oh [x4]  
You got the love, you got the good flavour Oh [x4] and I really want more oh [x4]  
I know your love is such a sugar rush and I can never get enough  
I'm like oh [x4] and I really want more oh [x4]  
Yeah honey you're the sweetest thing I've ever seen before  
I'm like a kid in a candy store How you doin' sugar  
You're sweeter than dessert nice to meet you  
The name is Ish, I'll admit it I gotta sweet tooth  
But that's ight, I promise that I won't bite  
Girl, unless that's something that you're into  
I'm playin', I'm sayin' you're with it in the song  
And there ain't no competition  
You're in a league of your own  
Gotcha hooked soon as I get you alone  
You could bet that  
Now break me off a piece of that kit-kat I can't wait another night to see you

Gotta satisfy my sweet tooth

Life saver

You got the kiss with the thousand flavours Oh [x4] and I really want more oh [x4]

I know your love is such a sugar rush and I can never get enough

I'm like oh [x4] and I really want more oh [x4]

Yeah honey you're the sweetest thing I've ever seen before

I'm like a kid in a candy store Oh [x4] and I really want more oh [x4]

I know your love is such a sugar rush and I can never get enough

I'm like oh [x4] and I really want more oh [x4]

Yeah honey you're the sweetest thing I've ever seen before

I'm like a kid in a candy store
