

With You

Cedric Gervais

[Verse]

There's something I can't hide
You're always in my head
Something I can't deny, no
You take me to that place
A place I can't resist

Loving you is bliss, I've no doubt[Chorus]

I'm in Heaven when I'm with you
I'm in Heaven when I'm with you
When I'm with you, when I'm with you
When I'm with you, when I'm with you
When I'm with you[Post-Chorus]
When I'm with you, when I'm with you
When I'm with you, when I'm with you
When I'm with you[Verse]

There's something I can't hide
You're always in my head
Something I can't deny, no
You take me to that place
A place I can't resist

Loving you is bliss, I've no doubt[Chorus]

I'm in Heaven when I'm with you
I'm in Heaven when I'm with you
When I'm with you, when I'm with you
When I'm with you, when I'm with you
When I'm with you[Post-Chorus]
When I'm with you, when I'm with you
When I'm with you, when I'm with you
When I'm with you, When I'm with you
When I'm with you, When I'm with you
When I'm with you
