I've seen the death of rock and roll
And I am living proof
No one here can dig a hole
And not find the truthPhil, you are not gone
Phil, you are not gone
Phil, you are not goneAnd though the poster child tries
He won't survive the scorn
He is killed with compromise
In the tube where he was bornPhil, you are not gone
Phil, you are not gone
Phil, you are not gone50 fans can't be wrong
50 fans can't be wrong
50 fans can't be wrong
Or can they? Can they?Our surveys say
This is what they want today
Our surveys say
What they want is Sugar RayPhil, you can't be killed
Phil, you can't be killed
Phil, you can't be killedWait for the signal to begin
Ready, here we go
You are what you've always been
And you're on the radioPhil, you are not gone
Phil, you are not gone
Phil, you are not gone50 fans can't be wrong
50 fans can't be wrong
50 fans can't be wrong
Or can they?
