

Velvet Chains

[Gary Morris](#)

Velvet chains softly hold me
Keep me from strayin' to another one's arms
Locked in your love I will remain
I don't wanna be free from your velvet chains You keep the door wide open
You don't lock me in
I come and go
Your never ask me where I've been You know I'm faithful
Yes, I'm bound to be
Your lovin' arms
Put these velvet chains on me Velvet chains softly hold me
Keep me from strayin' to another one's arms
Locked in your love I will remain
I don't wanna be free from your velvet chains Velvet chains softly hold me
Keep me from strayin' to another one's arms
Locked in your love I will remain
I don't wanna be free from your velvet chains
I don't wanna be free from your velvet chains Velvet chains
