

# All Night Longer Remix (feat. B.o.B)

Sammy Adams

[Verse 1]

In Vegas, yeah I drink J&B  
Throw bangers, get serenaded by ladies basically naked  
It's crazy this life I take it  
Everybody notice, white girls drink Vodka Sodas  
Jack and cokes will get you open, tequila shots are the dopest  
And I love it, the way you look so fine when I'm faded on my gin and tonic  
But keep on getting persuaded that I wanna crack a Jameson  
Invite all your lady friends, tell that bartender serve a mothafuckin' round again[Hook]  
Tell that bartender make that motherfucker stronger

I wanna go all night longer  
A couple rounds going down like water  
I wanna go all night longer  
Cause I do this every night  
I wanna do this every night  
A couple rounds going down like water  
I wanna go all night longer![Verse 2]  
Negronis for all my homies  
Titos and chasers only  
Whisky straight for the lonlies  
Tequilias, red wine and Stolies  
Yeah I mix it, yeah I mix it  
Have some beers before this liquor  
Now I'm shit-faced at the bar but my games never been sicker  
Shoot whiskey like a cowboy  
Both guns go off then we wild boys  
Got a light skinned girl, sit tall boys  
Jump around ?  
Gun natty ice like a college kid  
So many girls, come and grab one bitch  
Toast to the bars, toast to the broads  
Ha! no wonder why you love this shit![Hook]  
Tell that bartender make that motherfucker stronger  
I wanna go all night longer  
A couple rounds going down like water  
I wanna go all night longer  
Cause I do this every night  
I wanna do this every night  
A couple rounds going down like water

I wanna go all night longer! [Interlude]  
My game's never been sicker  
And I love it (X4) [Hook]  
Tell that bartender make that motherfucker stronger  
I wanna go all night longer  
A couple rounds going down like water  
I wanna go all night longer  
Cause I do this every night  
I wanna do this every night  
A couple rounds going down like water  
I wanna go all night longer!
