## Nu Flavor

Ooh oh ooh oh

Sweet sexy thang

Oh my lord

Chorus:

Sweet sexy thang

Bring your body to me

Me I'm in the mood

To make sweet love to you

Waited so long

Now I got you alone

You sweet little

Sweet little sexy thang

Verse 1

Hey there

Baby baby baby

Sexy little momma

Do that to me one more time

Feels so good

Now that we're alone

All I wanna do

Is get it on

Girl I won't ever fight

I want you to be my lover tonight

And every night

'cause when I make love with you

Girl everything you do is so right

Baby baby baby baby listen to me

Bridge:

I want some lovin' baby

Kissin' n huggin' baby

Lovin' n rubbin' n on n on n on n on

It feels so good baby

You're drivin' me crazy

I wanna do it baby

All night long you..

Chorus

Verse 2

Can't be accused

Of lovin' you  
For your body  
And not for your mind  
But tonight your body's calling  
And you got that little look in your eye  
So baby unplug the telephone  
Lets just pretend that there is no one home  
I'll put some slow jams on  
And we can make love all night long lady  
Bridge  
Chorus  
Bridge
