K's Choice

Is there anything you want from me? My arms, my life, my energy I don't know how far I can go Everything says noBut you know how it goes when You're used to your side of the bed I know you don't belong in this room But you're here now, so what can I do? All that I am is all I was taught to be All that you are is A wall between myself and meHave you ever really looked at me Or thought about me secretly? Do I make you wonder at all About the speed of light? Outside our little world We might not feel so alone I know you don't belong in this room But you're here now so what can I do? All that I am is all I was taught to be All that you are is A wall between myself and me
