

The Beat

[Mario Strack](#)

It may be, that you have had a vision
And it may even be that you believe it's new
And it may be that you become a politician
That doesn't necessarily mean that this is true
Come on and think it over
Well, you better think twice
until you realize...Once again it is the beat that drives the story
And once again we're driven into the groove
I will keep the pace for you so don't you worry
We'll keep on driving till this demons move...away...It may be that you, don't know how to use it
And it may be that you can't even get your share
And it may be they are gone to treat you till you loose it
That doesn't necessarily mean that they don't care
