

Never Look Back

Graffiti6

All her life she lives in sunshine, dancing through the rain
Saw her down by the 413, my life will never be the same
And I will live my life to love you
I will live my life for you
Throw my heart into the ocean
Darling, I'll be true and I say

I will live my life and not look back
I will give it all and not look back
I will live my life, darling, till the sun turns black
Lord, I won't look back now

She moves like shadows in the night and I can never find the day
I'd give here everything that I have to give but I can't make her stay

And this is all I have to give
And this is what I have to say
But if my heart should lose you, baby
You just walk away, then I'll say

I will live my life and not look back
I will give it all and not look back
I will live my life, darling, till the sun turns black
Lord, I won't look back now

She's got a smile that makes the sun shine after the heavy rain
I saw her down by the 413 and my life will never be the same
