

Super Collider

Radiohead

Super collider
Dust in a moment
Particles scatter
Parting from the soupSwimming upstream
Before the heavens crack open
Thin pixelations
Coming out from the darkIn a blue light
In a green light
In a half life
In a work lightIm a B-spin
Flip flopping
Im a pulse wave
OutsteppingIll put the shadows back into
The boxesI am open
I am welcome
For a fraction
Of a secondI have jettisoned my illusions
I have dislodged my depressionsAnd put the shadows back into
The boxesI've seen the angels hanging over the balcony
