

Heaven Open Your Eyes

Everlife

You got another question bottled up inside
You need some direction its too hard to decide I have got a place for you
It has your every need
It's just one step are you ready to proceed[Hook]
You can try to bottle your lies
But one has always been by your side[Chorus]
Let heaven open your eyes
Show your heart what you been missing
Show you that you've been out
Let heaven open the sky
You can't live without no doubt You got another question a little mystery a personal rejection a curiosity
A message to your maker cry are you lookin' for a savior
You'll find inside that guy[hook/chorus] You find a little piece of mind
Relax
Let heaven you wanna live today
All the way from hoping
Let heaven open your eyes[chorus 3x]
