

Punk as Fuck

The American Analog Set

I'm on your side
And we're always right
It's perfect
And worth it And you're on my side
And we're always right
It's the circuit
That gets worse yet I'm on you side
And we're always right
It's the circuit
That gets worse yet So leave me to die in the comfort
Of my own home
Of my own home
Of my own
