

# Dig Down

## Chris Hawkey

When you pray Youd better be on your knees  
Cuz the good lord aint got time for you if you dont quite believe  
And when you stand up  
You better straighten you back  
Cuz your pride is everything you have  
Or everything you lackSo dont bother sayin what you dont mean now  
And dont bother playin unless you play to winWhen you breathe youd better take it all in  
Cuz youre one of the livin  
Dont you forget it  
Standing on the sidelines is a sin  
Stand up Dig Down  
Face the light of day  
Hold on Hold out  
Turn and swing away  
Bring it on  
Bring it all  
Never run away  
Dig down deep inside and find the strength to stayTheres a truth only known by a few  
Its that all that you are all that you have is decided by a voice  
Inside of you that says  
CHORUS  
And when its time for you to let it all go  
Youve gotta face the lord  
Face yourself  
And on that day youll wanna know  
That you did  
CHORUS
