Simple Love Song

Anuhea

VERSE 1
See the way he walks
Into the room and then speaks
So sweet every word from his lips is like
Honey
I know he loves me

Hear the way he sings and the way he strums his
Instrument
The way he jams
And the way he treats his family
He's funny
I know he loves me

PRE-CHORUS
Although our life's been super complicated
Just play this song when you need a little lift
Cause baby

CHORUS
I'm finally
Writing you
This simple love song
After how long, baby

I'm finally
Writing you
This simple love song

VERSE 2
I still can't get enough
Even though the times are rough
Boy you know I trip a bit
Because you're not around
But its okay babe,
You gotta get it baby

I'm gonna hold it down for you
I'm gonna scream it loud for you
Focus on myself for you

You know that I would die for you
Baby
I know it's crazy

REPEAT PRE-CHORUS
REPEAT CHORUS

Its funny how four chords can tell the truth in so
Many ways
Beel feeling it for awhile but I never had the time....
Now I'm here to say....

REPEAT CHORUS
