

Don't Cry Your Heart Out

Cody Simpson

I'm back to put the sunshine in your mind
'Cause I don't like the way he's got you raining all the time
Put away your troubles by leaving him behind
So every time you look up, clear blue sky But here he comes again like a cloud in your view
Blocking all of you light like only he could do
Don't listen to his sorrys, girl, drop him, drop him
He really needs to stop it 'cause I'm your only topic now With me you'll never end up in
The same silly situations, no
Don't you know that if you were to walk
Then I'll be here waiting Girl, don't you cry your heart out
Let me stop before you start out Don't need his explanations, no
'Cause he don't really want to know
About the way you're feeling now
'Cause I'm the one who's here for you no doubt
So don't you cry your heart out Baby girl, I would never tell you lies
No crocodile tears, no messing with your mind
We could talk forever, past the end of time
I promise you a love that'll never make you blind But when I'm here with you not a cloud in your view
Nothing blocking out your light, not like he used to do
Don't listen to his sorry, girl, drop him, drop him
He really needs to stop it 'cause I'm your only topic now With me you'll never in up in
The same silly situations, no
Don't you know that if you were to walk
Then I'll be here waiting, yeah Girl, don't you cry your heart out
Let me stop before you start out Don't need his explanations, no
(Don't need him)
'Cause he don't really want to know
About the way you feeling now
'Cause I'm the one who's here for you no doubt
So don't you cry your heart out Cry, cry, cry
It's time for him to
'Cause you've already cried enough
To put out the fires he left behind, yeah Why, why, why
Everything he ever did
Has come back on him look at us now
Didn't I tell you so, it's his turn Girl, don't you cry your heart out
Let me stop before you start out Don't need his explanations, no
'Cause he don't really want to know
About the way you're feeling now

'Cause I'm the one who's here for you no doubt
So don't you cry your heart out Girl, don't you cry your heart out
Let me stop before you start out Don't need his explanations, no
'Cause he don't really want to know
About the way you're feeling now
'Cause I'm the one who's here for you
No doubt, so don't you cry your heart out Girl, don't you cry your heart out
'Cause I'm the one who's here for you no doubt
So don't you cry your heart out
