

My Favorite Girl

New Kids On the Block

My favorite girl, oh
She's my favorite girl
Don't you know
My favorite girl, oh
She's my favorite girl You walked into my life
Your love was so new
And nothing will ever change
My feelings for you Well, you were so far away
Now I am close to you, girl
So let us run away
Our heart that's waiting will stay My favorite girl, oh
She's my favorite girl
Don't you know
My favorite girl, oh
She's my favorite girl There's so much I like in you
I can't go on
I wanted a girl like you
I've looked so long Girl, nothing will make us wrong
I know our love is too strong
Let's leave the rest behind
Our dreams ask what we will find My favorite girl, oh
She's my favorite girl
Don't you know
My favorite girl, oh
She's my favorite girl My favorite girl, oh
She's my favorite girl
Don't you know
My favorite girl, oh
She's my favorite girl She's my favorite girl
The one I'm always thinking of
That the one
My favorite girl
The one I love
It's too strong My favorite girl, oh
She's my favorite girl
Don't you know
My favorite girl, oh
She's my favorite girl My favorite girl
She's my favorite girl

You look so sweet
You make my heart skip a beat
Yeah yeah yeah
She's my favorite girl
She's my favorite Hey girl don't you know
You're the one I need
And girl I need, I need
I need, I need your love My favorite girl, oh
She's my favorite girl
Don't you know
My favorite girl, oh
She's my favorite girl My favorite girl, oh
She's my favorite girl
Don't you know
My favorite girl, oh
She's my favorite girl
