

13 Fridays

Psordid

Iâ€™m feeling nothing yet I feel everything today
I close my eyes and see 13 Fridays everyday
Can you feel the days weâ€™ve bled
Can you see the nights weâ€™ve cried
Can you feel the evil we feel and
The feel of those who died

Days of fear, days of tears
Such a foul day I had never seen

Die
Yeah the 13 Fridays
Die
â€™Cause weâ€™re never gonna give up
Die

The moon looks fuller tonight
Because the evil wants more from us
I see a soldier in the corner and cry
Because itâ€™s the devil we trust

No more fears, no more tears
Such a foul day I had never seen
Thatâ€™s when weâ€™ll

Die
Yeah the 13 Fridays
Die
â€™Cause weâ€™re never gonna give up
Die

In your war we got left behind survived only on our screams
I take a look around to find you nightmares are our reality
Has a friend ever died in your arms blood spattered in your eyes
Just like your dreams they too will die
