

Plenty Lovin'

Steve Winwood

Oh baby, I had to think things through
I never needed love when I was all by myself
Now comes the time, I know it's gotta be you
Oh baby, now I need your help Ooh, come on now, baby
I wanna give some special time to you now
'Cause ooh, when you touch me
Get a feelin' I can't hide Now I know all I need is you
You're my reason for stayin' alive
I know that it's real, I feel it inside
Come on now, let's not wait Gimme plenty lovin'
Gimme plenty lovin'
Gimme plenty lovin'
Every day, every night, come on, baby Oh baby, you know we'll be apart
We gonna make up on love till I'll be with you again
Thinking of you, the feeling in my heart
Let's start doin' what we do till then, baby Ooh, I'm hearin' what you say
We gotta make the most of it for us now, baby
Now we're together
I'll be holding you tonight Just can't wait any longer
You're my only whole true soul mate
The day's almost gone and night's still ahead
Come on now, don't hesitate Gimme plenty lovin'
Gimme plenty lovin'
Gimme plenty lovin'
Every day, every night, come on, baby
Oh, come on now Just can't wait any longer
You're my only whole true soul mate, baby
The day's almost gone and night's still ahead
Come on now, don't hesitate Gimme plenty lovin'
You gimme plenty lovin'
Gimme plenty lovin'
Every day, every night, come on, baby
Come on, baby Gimme plenty lovin'
Gimme plenty lovin'
And I and I and I
Gimme plenty lovin'
Every day, every night, come on, baby Plenty love
You gimme plenty lovin'
Plenty love

You gimme plenty lovin' Plenty love
You gimme plenty lovin'
Plenty love
You gimme plenty lovin' Plenty love
Plenty love
Every day, every night, come on, baby
Plenty love
