

# The Four Horsemen

Brian Tyler

And when the lamb opened the  
first seal,  
I saw the first Horse.  
The Horseman held a bowNow when the lamb opened the  
second seal,  
I saw the second Horse  
The Horseman held his swordThe leading horse is white  
the second horse is red  
the third one is a black,  
the last one is a greenThe leading horse is white  
the second horse is red  
the third one is a black,  
the last one is a green  
And when the lamb opened the  
third seal,  
I saw the third Horse.  
The Horseman had a balance  
Now when the lamb opened the fourth seal,  
I saw the fourth Horse.  
The Horseman was the PestThe leading horse is white  
the second horse is red  
the third one is a black,  
the last one is a greenThe leading horse is white  
the second horse is red  
the third one is a black,  
the last one is a greenThe leading horse is white  
the second horse is red  
the third one is a black,  
the last one is a green
