Before the Darkness

Angry Johnny and The Killbillies

I was cut real bad...
I was cut to the quick...
I was leakin blood...
I was feeling sick...
and I was thinkin...
I was thinkin...about you...

I sat down there...
by that mountain stream...
closed my eyes and i began...to dream
I was dreamin... oh i was dreamin... about you..

His lifeless corpse...
Laid there next to me...
His dead ass stare...
up in...the sky
How he'd never..
oh how he would never..
hurt you again..

I wish to god..
that i could touch your face..
feel your skin..
taste your kiss again..
one last time..
before the darkness.. falls on me..

I was cut real bad..
Cut to the quick..
I was leaking blood..
i was feelin sick And I was thinkin...
Lord i was thinking..
about you..
I was thinkin..I was thinkin..
about you....about you...
