

Ayo (16th Floor)

Sean Kingston

Ayo ayo

It's a party going on the 16th floor
But she just lookin for the summer turn up
I think she lookin for the summer turn up

Ayo ayo

It's a party going on the 16th floor
I think she lookin for the summer turn up
So I'mma show her how the summer turn up
So all you gotta do is take it to the head non-stop girl
I think she lookin for the summer turn up

So I'mma show her how the summer turn up She wanna party like a rock star, zoom in the fast car

We gon get it in tonight girl

I can see it in your eyes that you need a real guy,

I'm gone come and beat it right girl

I need it, in every way this is gonna be right yea

So don't waste my time time We gon enjoy the summer

I'mma be your no. 1 lover

As long as you're mine

We gon turn up and say Ayo ayo

It's a party going on the 16th floor

But she just lookin for the summer turn up

I think she lookin for the summer turn up

So all you gotta do is take it to the head non-stop girl

I think she lookin for the summer turn up

So I'mma show her how the summer turn up Hey Shawty this here a pool party

I'll get you wet like I should girl

'Cause it's summertime fine

I think it's bout time me and you should link up now

'Cause I want it, in every way this is gonna be right yea

Pour up and relax your mind 'Cause we about to turn up

Shut the club down, watch it burn up

'Cause girl you're so fine

That I have to say Ayo ayo

It's a party going on the 16th floor

But she just lookin for the summer turn up

I think she lookin for the summer turn up

Ayo ayo

It's a party going on the 16th floor

But she just lookin for the summer turn up

I think she lookin for the summer turn up
So all you gotta do is take it to the head non-stop girl
I think she lookin for the summer turn up
So I'mma show her how the summer turn up Summer summertime
Wind up your waist and we gotta wind
'Cus girl you're one of a kind
Love come divine, I have to make you mine like
Ayo, I will give you my pesos
Just to have you so close
Girl you amazing, you hot like Asian, you're blazing Ayo ayo
It's a party going on the 16th floor
But she just lookin for the summer turn up
I think she lookin for the summer turn up
Ayo ayo
It's a party going on the 16th floor
I think she lookin for the summer turn up
So I'mma show her how the summer turn up
