

# Growin' Pain

Peter Wolf

Sometimes I don't know  
What it is I'm looking for  
Whatever it is I want  
I seem to need a little bit more  
Careful what you pursue  
In choosin' it, it chooses you  
Cause everything around here is a growin' pain  
My old friend 'Lil was on top of the heap  
I saw here yesterday  
She was working for cheap  
She used to have money to burn  
Lost it all, live and learn  
Everything around here is a growin' pain  
Some things you just can't explain  
Look at Cain and Abel  
Same blood in their veins  
Envy always finds its mark  
Hate can see clear in the dark  
Everything around here is a growin' pain  
Everything around here is a growin' pain  
Alright! Once I had a sweet lady fair  
I watched her every mornin' brush her long brown hair  
With no warning, with no sign  
Death took her, left me behind  
Everything around here is a growin' pain  
Shaky nerves, baby, got the best of me  
I need a shot of somethin,' much stronger than tea  
It's as clear to me as cellophane  
All my chances goin' down that drain  
Everything around here is a growin' pain  
Cause, Everything around here is a growin' pain  
Everything around here is a growin' pain
