

St. Judy's Comet

Kenny Loggins

Oh, little sleepy boy
Do you know what time it is?
The hour of your bedtime's
Long been past Though I know you're fighting it
I can tell when you rub your eyes
You're fading fast, fading fast Won't you run come see St. Judy's Comet?
Roll across the skies, leave a spray of diamonds in its wake
I long to see St. Judy's Comet
Sparkle in your eyes when you awake, awake Little boy
Won't you lay your body down?
Little boy
Won't you close your weary eyes?
Ain't nothing flashing but the fireflies I sang it once then I sang it twice
I'm going to sing it three times more
I'm going to stay 'til your resistance is overcome
'Cause if I can't sing my boy to sleep
Well it makes your famous daddy look so dumb, look so dumb Won't you run come see St. Judy's Comet?
Roll across the skies and leave a spray of diamonds in its wake
I long to see St. Judy's Comet
Sparkle in your eyes when you awake, oh awake Little boy, little boy
Won't you lay your body down?
Little boy, little boy
Won't you close your weary eyes?
Ain't nothing flashing but the fireflies Oh, little sleepy boy
Do you know what time it is?
The hour of your bedtime's
Long been past Though I know you're fighting it
I can tell when you rub your eyes
That you're fading fast, fading fast
