

Rabid Child

They Might Be Giants

Lord, please don't take me away Rabid child stays at home, talks on a CB
Truckers pass calling out their handles to the kid
Chess Piece Face and The Big Duluth call her every day
'Hammer down' and 'Rabbit ears' are the only words they know Hammer down
Hammer down, rabbit ears
Hammer down, rabbit ears
Hammer down, rabbit ears, hammer down If you pass the rabid child, say, "Hammer down for me"
The rabid child, the rabid child
The rabid child
