

# Hell Bent Whiskey Suicide

## Agent 51

YEA! I've seen the worst I've seen the best Time is runnin out once again for me

I try so hard just to pay the rent

I try so hard just to make a dent

Believe it or not its killing me

Lets get blinded by the lies

Kick one back and take it out

Hell bent whiskey suicide ohh yea!

Lets get blinded by the lies

Chace it down and take it out

Oh my god I see the light

??

Paybacks comin round the bend

Now its time to take revenge

For all the Fuckin shit that they've been givin' YEA!

Give me fire or give me death

Light that fuckin cigarete

??
