Absinthe and Rue

Symphony X

In your time of dying don't call my name
so you see me as evil it's just the sameThrough the windows in my mind
now you're cast in flamesAbsinthe and Rue
twisted wings of paranoia
twilight runs through eyes of ignoranceAfflicted, addicted, and wicked
you'll loom in fear
severed, endeavored in trial
time closes nearObsessing, possessing, confessing consumed by sin
injected, infected by venom that's searing your skinThrough the windows in my mind
now you're cast in flamesAbsinthe and Rue
twisted wings of paranoia
twilight runs through eyes of ignoranceAbsinthe and Rue
twisted wings of paranoia
twilight runs through eyes of ignorance[Solo]Absinthe and Rue
twisted wings of paranoia
twilight runs through eyes of ignoranceAbsinthe and Rue
twisted wings of paranoia
twilight runs through eyes of ignorance
