Straitjacket Supermodel

Eve to Adam

Ive got a plan. I know the game.
I cross the line and things will never be the same.
Its gotta be right, its gotta be clean.
I gotta cover all the spaces in between.
Because I want to be someone (someone you want to be like),
one of a kind (just do it if it feels right),
Fucking contagious (living in the limelight),
out of my mind..
[CHORUS]
Cuz I am the all original, so hated that its criminal,
My fame is on the throttle, straitjacket supermodel.
Sideways on the level, tap dancing with the devil,
Im bringing down the gospel, straitjacket supermodel.
[END CHORUS]
So can you be trusted?, can you be told?,
Can you just shut your mouth and never tell a soul?,
Because if you want to be someone, (someone you want to be like),
one of a kind (just do it if it feels right),
Fucking contagious (living in the limelight),
Out of my mind.
[REPEAT CHORUS]
(just do it if it feels right)
(living in the limelight)
(do it if it feels right)
Straightjacket supermodel.
(someone you want to be like, just do it if it feels right)
(living in the limelight).
Im out of my mind.
[REPEAT CHRORUS]
Straitjacket supermodel (4x).
END
