

# We Live for Love

**Pat Benatar**

Advisory - the following lyrics contain explicit language:

Your love's contagious  
One kiss is dangerous  
But I have more to risk  
Than you to lose I feel passion growing  
I know that love is only  
Just one inch away  
From striking us We live for love  
We live for love When we get tired  
And watch the summer fade away  
Will you think of romance?  
What will we do? Is there a place where we can go?  
Where time stands still  
For those who know till eternity?  
We'll fulfill our desires We live for love  
We live for love  
We live for love  
We live for love I never planned to win the race  
But you convinced me face to face  
There was never a chance  
Of losing at all We live for love  
We live for love  
We live for love  
We live for love We live for love  
We live for love  
We live for love
