Dancing Like Pierre

Craig Cardiff

talking and talking in circles again
we've talked about this before
and in the way that your mouth shapes the words
i could hear them a hundred times moreturn off the tv and shut off the phone
pretend we're not broken that we're alone
and all of the parts, the parts that weren't good
were all of the parts that we misunderstoodDance just like nobody's watchingMe I'm as proud of you as I am
I'm proud of Pierre's famous finger
Standing up tall with feet firm in air
I'm as proud of you as I amturn off the tv and shut off the phone
pretend we're not broken that we're alone
and all of the parts, the parts that weren't good
were all of the parts that we misunderstoodDance just like nobody's watching
