

See It Through

Godwolf

Donâ€™t leave now, â€™cause thereâ€™s hope for us â€“ somehow
Donâ€™t leave now, â€™cause thereâ€™s hope for us â€“ somehow

Thereâ€™s a foreshore across the road
And I feel like itâ€™s calling me home
Like a lighthouse waiting for shipwrecks
Iâ€™m not impressed with what Iâ€™ve been shown
Weâ€™re never finished when weâ€™re on our own
Weâ€™re like a message after the tone
And until we call again â€“ we donâ€™t know
How much each other has grown

Even though weâ€™re two worlds apart
We fell in love with a broken heart
Even though weâ€™ve got work to do
Iâ€™ll never stop loving you

Lend me your hand so I can feel your heartbeat
Lend me an eye so I can see you
Itâ€™s been such a long time since weâ€™ve been together
But lend me your heart and weâ€™ll see it through

Even though weâ€™re two worlds apart
We fell in love with a broken heart
Even though weâ€™ve got work to do, work to do
Iâ€™ll never stop loving you

Donâ€™t leave now, â€™cause thereâ€™s hope for us â€“ somehow
Donâ€™t leave now, â€™cause thereâ€™s hope for us â€“ somehow
Donâ€™t leave now, â€™cause thereâ€™s hope for us â€“ somehow
Donâ€™t leave now, â€™cause thereâ€™s hope for us â€“ somehow

Lend me your hand so I can feel your heartbeat
Lend me an eye so I can see you
Itâ€™s been such a long time since weâ€™ve been together
But lend me your heart and weâ€™ll see it through

Lend me your hand so I can feel your heartbeat
Lend me an eye so I can see you
Itâ€™s been such a long time since weâ€™ve been together

But lend me your heart and weâ€™ll see it through

Even though weâ€™re two worlds apart
We fell in love with a broken heart
Even though weâ€™ve got work to, work to do
Iâ€™ll never stop loving you

Donâ€™t leave now, â€™cause thereâ€™s hope for us â€“ somehow
Donâ€™t leave now, â€™cause thereâ€™s hope for us â€“ somehow
