I Got Nerve

[Miley Cyrus](#)

We haven't met and that's okay
'Cause you will be asking for me one day
Don't want to wait in line
The moment is mine believe meDon't close your eyes
Cause it's a chance worth takin'
And I think that I can shake youI know where I stand, I know who I am
I would never run away when life gets bad
It's everything I see, every part of me
Gonna get what I deserve
I got nerve
(I got, I got, I got)Electrified I'm on a wire
Getting together and we're on fire
What I said you heard
Now I got you spinningDon't close your mind
The words I use are open
And I think that I can show youI know where I stand, I know who I am
I would never run away when life gets bad
It's everything I see, every part of me
I know I can change the world, yeah yeah yeahI know what you're like, I know what you think
Not afraid to stare you down until you blink
Its everything I see, every part of me
Gonna get what I deserve, I got nerveYou, you need to discover
Who can make you feel free
And I, I need to uncover
The part of you thats reaching out for me, hey!I know where I stand, I know who I am
I would never run away when life gets bad
Its everything I see, every part of me
I know I can change the world, yeah yeah yeahI know what you're like, I know what you think
Not afraid to stare you down until you blink
Its everything I see, every part of me
Gonna get what I deserve, I got nerve, I got nerveI know what you're like, I know what you think
Not afraid to stare you down until you blink
Its everything I see, every part of me
Gonna get what I deserve, I got, I got nerve!
