Thinking About You

Cynthia

La Lalalala La lalalala
La Lalalala La lalalala

Happiness, is one in a million when I'm not with you
Your caress, the touch that I search for in my dreams.
I only want to be with you even if i cant have you here.
Don't want to love you from afar, your touch is all that I need.

(Chorus):
Thinking about you, thinking about you is all I can do when your not here.
Thinking about you, thinking about you there's nothing else I can do.
Thinking about you, thinking about you is all I can do when your not here.
Thinking about you, thinking about you there's nothing I'd rather do.

I believe, that someday I'll get my turn to make you mine.
Then you'll see, that nobody else could love you more.
I'll sacrifice my time for you, cuz i didn't have you here before.
Then we could make up for loss time, there's nothing I'd rather do.

(Chorus)

I am thinking about you baby, nothing else I'd rather do.
I am thinking about you baby, all I want is to be with you.
(repeat)

(Chorus)

La Lalalala La lalalala
La Lalalala La lalalala
