My Rock 'n' Roll

Dinosaur Pile-Up

Since I was young i've always felt some sort of trouble,
The nervous? one with his finger on the buzzer,
Bless my poor mother she always knew somethin' was goin on, with her son,
I Guess it Shows...
I guess it shows that some things are clearer than others,
My rock n rolls been causing kinda problems,
Amongst my friends and the ones I call my brothers,
It's not fun... No it's not..
