Get off My Way

Monika

Sometimes I have a single crazy feeling
It's all in my head
I'm running like a fool
I think I'm bleeding
You make me feel this wayI know there is something I can do
Always the window's gone
Give me a break'Cause when the race begins
And when the lights go off
i'm still alive
I still go on
Get off my way
Get off my life
Let me goDo you have a single crazy feeling
We're going insane
I keep on moving, the streets are screaming
Is this my broken heart ?
I know there is something I should say
Oh Is the window's gone ?
