

One Great Love

Dave Hollister

You only get one,
You only get one
A chance to be fun
You only get one
You only get one
Get only the one
You only get one Where love it strikes, it never happens twice
The sparks they start to fly,
There's a chill that fills the air
The question marks, they're all around your heart
Drop your guard, just start to feel yourself about to fall 'Cause we all, we all get one great love
In a lifetime
We all get one great love
One chance to soul
On the other side of the door
Keep it up, and don't lose yours
That kind of feeling's hard to find
It's true, we all get one great love
In a lifetime You're mine, and only,
Your heart is not cold
You're staring at wall
[?] and they say hey, ey
You smile, haven't heard from you in a while
Could be apart a thousand miles
And you still feel the way so deep
Thinking might creep me We all get one great love
In a lifetime
We all get one great love
One chance to soul
On the other side of the door
Keep it up, and don't lose yours
That kind of feeling's hard to find
It's true, we all get one great love
In a lifetime Losing the girl I've been looking for
Have you seen that girl I've been searching for?
Every place, every day since I let her get away
I can't find her, I can't find her
Have you seen that girl I've been waiting for?
Till I find that girl, I'm patient for her

'Cause you only get one
Only get one You only get one
You only get one
A chance to be fun
But you only get one
You only get one
Get only the one
You only get one We all get one great love
In a lifetime
We all get one great love
One chance to soul
On the other side of the door
Keep it up, and don't lose yours
That kind of feeling's hard to find
It's true, we all get one great love
In a lifetime
