

Don't Walk Away (Unplugged)

Sick Puppies

I'm feeling so afraid
'Cause everything that I do lately makes you angry
I've never been so ashamed
It really felt like you and me were getting better I hope that you still want me
I hope it's not too late Don't walk away and leave without a reason
When there's too much to say that hasn't been said
I know I was wrong and I'm sorry for making the same mistake
Don't walk away Can you really throw away all the times
That we've recovered one another
And I know I make it hard
But how long should I pay for being unappealing I know you want to want me
I see it in your eyes Don't walk away and leave without a reason
When there's too much to say that hasn't been said
I know I was wrong and I'm sorry for making the same mistake
Don't walk away Wish I could take it back but you know I can't
I hope one day you understand
No, this can't be the end, this is the end I know I make it hard Don't walk away and leave without a reason
When there's too much to say that hasn't been said
I know I was wrong and I'm sorry for making the same mistakes
Don't walk away Don't walk away, don't walk away, don't walk away
(No, no, no)
Don't walk away, don't walk away, don't walk away It felt like you and me were getting better
