A Thing Called Love

Toy-Box

Don't you know what love is all about
Being happy, sad and feeling proud
Once you try it you won't be without the thing called loveBeauty, sweety, baby see the sky is blue
I am having holiday so what about you
Sitting at the beach sipping lemonade and lime
oh it is party timeWhat is happening
Life doesn't feel the same...(see above)Running by the water with my feet in the sand
Trying to relax while I'm getting attend
Tonight we're gonna party by the ocean side
oh what a party night...(see above)
