Red Doll

Speed, Glue & Shinki

Oh, she's my red doll
Walkin' in my way
Oh, she's my red doll
She's not afraid

Well, I got my red doll
Walkin in the street
I found my red doll
My walking red doll

Look at me, Babe
Feel my eyes
Feel my head, and then you'd realize
Open up the windows, and feel the rain
Feel and touch my hands and she'll be.. (?)

Oh, turn out the lights
See my baby walkin'
When I walked to my bed
See my baby crawlin'

Well I got me a red doll
Playing with my beads (?)
I found my red doll
My beautiful red doll

(solo)

Well, she's my red doll
Walking in my bed
Oh, she's my red doll
She's not afraid

Well, I got my beautiful red doll
Walkin' in the street
I found my red doll
My walkin' red doll
