Demon's Night (Accept cover)

Cannibal Corpse

Sparks, the eyes of fire
Flying high in the night
Storms, the arms of evil
It's gonna take your lifeYou know the bat's crying
Hell bent for the death
Rain, the tears of the devil
Gonna lay you to restRolling a thunder, a curse on that night
We've got your number, no use to hideYou, you've lost your freedom
To the masters of force
Ride on the waves of magic
Dark nights will be your courseRolling a thunder, a curse on that night
We've got your number, no use to hideDemon's night, no way out
Demon's night, the angels fight
Demon's night, cries of pain
Demon's night
Demon's night, a night to dieLights blinding your mind
Like a flash out of hell
Sounds that no one will hear
It's a demon's bellLook in the face of horror
It's a dangerous night
Scream for your mother's children
You've lost your human rightRolling a thunder, a curse on that night
We've got your number, no use to hideDemon's night, no way out
Demon's night, the angels fight
Demon's night, cries of pain
Demon's night
Demon's night, a night to dieRolling a thunder, a curse on that night
We've got your number, no use to hideDemon's night, no way out
Demon's night, the angels fight
Demon's night, cries of pain
Demon's night, a night to die
